

# THE IMPACTS OF CROSS-DOCKING ON YOUR SUPPLY CHAIN

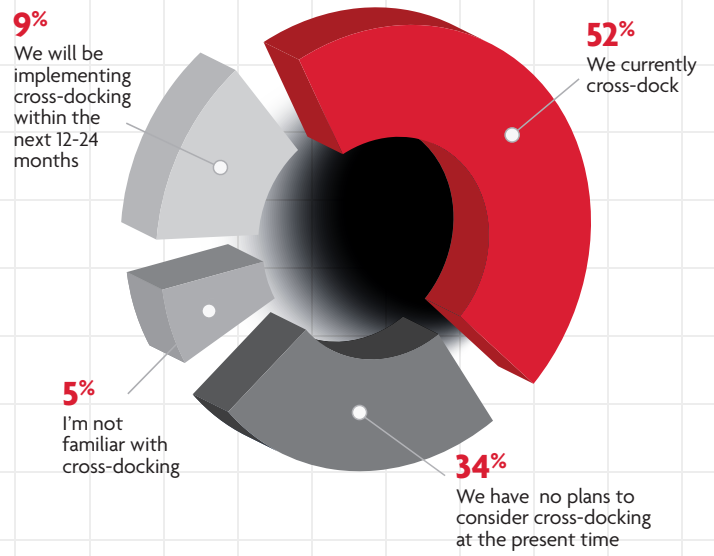

IN A TIME WHEN CONSUMER DEMAND is forcing retailers to get their products to market faster, a growing number of shippers are looking to cross-docking to help reduce the amount of time it takes to process orders and route products. In a survey conducted by Peerless Media sponsored by Ryder, top supply chain executives reveal a focus in cross-docking to speed products to market, with many companies considering using a 3PL for their needs.

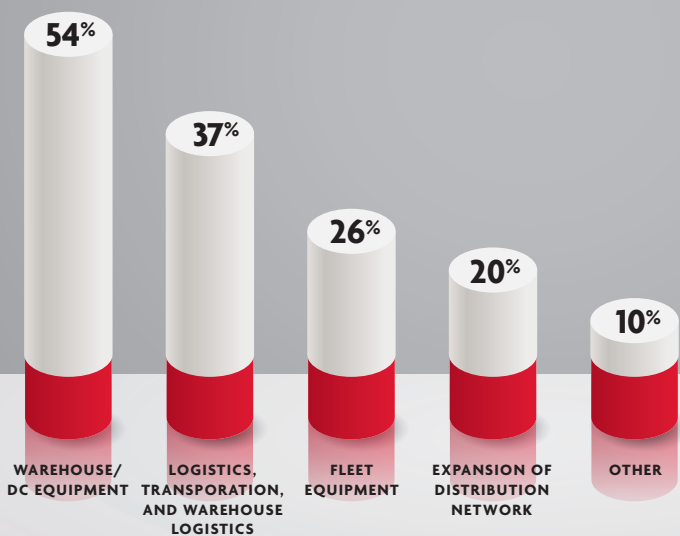

## Top warehousing operations aspects managers would like to improve

## Use of cross-docking across organizations

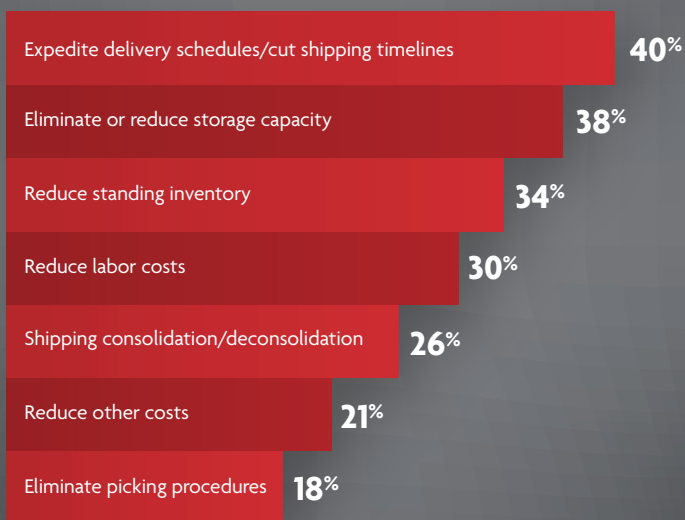

## Areas in which companies will be making capital investments in the next year

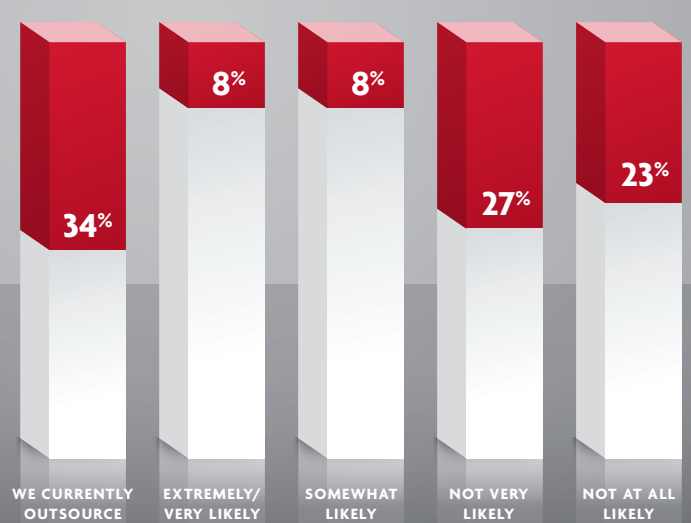

## Challenges experiencing in warehousing/distribution, cross-docking/transportation network

## Benefits gained from cross-docking

## How likely are you to outsource cross-docking?

Speed products to market, increase inventory turns, and reduce costs, through the Ryder Cross Dock network. Discover how innovative solutions from Ryder can make you Ever better™ at [ryder.com](http://ryder.com).
